

Cooloola Metal Awning by FHA Wholesale

PROTECT ENTRY WAYS, WINDOWS OR PATIOS

Features & Benefits

- **Colour range:** With the range of Colorbond colours to choose from and the ability to mix and match panels, you can create a unique look for your home.
- **Durable components:** Powdercoated components and Tru-steel panels ensure a robust and long lasting awning.
- **Long lasting and low maintenance:** Ideal to protect entry ways or patios from the elements.
- **Two types of side styles:**
 - Standard straight side trim panel.
 - Decorative scalloped closed sides.

Cooloola Metal Awnings can provide an attractive low-cost solution to the potential damage caused by Australia's harsh climate. The awning gets its rigid strength from the multi-rib, cross-section Tru-Steel panels.

Suitable for both domestic and commercial applications, Cooloola Metal Awnings are available with either self supporting arms or post supports.

*Colours above are an indication only and may appear different on paper or on screen to the actual Colorbond colours.
