**Frank's**  
HOME DECOR CENTRE  
ESTABLISHED 1993

Australia's Leading Window and Door Systems

Since 1997 Wintec Aluminium has had an ongoing commitment to provide Australia with the latest designs in the window and door industry. Here at Frank's Home Decor we custom design your Wintec windows and doors to suit your home. These windows and doors are then manufactured on site.

## Testing Laboratory

The Wintec designed products are tested to Australian Standards in NATA an accredited laboratory. This ensures your windows and doors comply with the building code of Australia (BCA) and are suited to your location.

## Sliding Windows

No unfinished or exposed edges. Sash rails top & bottom are concealed within the sill and frame. Genuine Wintec handles are ergonomically designed for ease of use for the elderly and disable. Insect and Security Screens are available.

## Sliding Doors

No unfinished or exposed edges. A rounded Interlock looks better than conventional " T " types and are less likely to catch on furnishings. Insect and security screens are available.
