## AUSTRALIAN OWNED AND MANUFACTURED

## AUSDECK IS THE AFFORDABLE SOLUTION FOR ALL YOUR OUTDOOR EXTENSIONS

Ausdeck's V-Line is an affordable, single skin roofing system designed specifically for home improvement applications. Ausdeck V-Line is a feature packed patio roofing material with a smooth, clean VJ appearance and an 80% high gloss ceiling finish. It's manufactured with a plastic protective film, which is removed during installation and features a weather-proof joining system, fluted beams and profiled powder coated posts. Ausdeck V-Line is available in a variety of contemporary colours.

Choose from an extensive range of roofing styles: from flat roofs with skylights or an attached angled gable roof, to carports with a choice of designs customised to blend with your existing roofline.

## AUSDECK V-LINE ROOFING GIVES YOU SO MANY BENEFITS

- Cost-effective - low maintenance
- High gloss finish with traditional VJ appearance
- Stylish powder-coated posts
- Fully tested by James Cook University to low-high-low standard
- Fewer beams mean more open space
- Complete range of modern roofing colours
- Weatherproof joining system
- Protective film reduces the potential for damage during transport and installation.

## OUTDOOR LIVING DESIGN OPTIONS

### Skillion / Carport

Ausdeck's V-Line Patio System offers you endless design possibilities. To help you choose the right style for your outdoor living space, Ausdeck has created an Augmented Reality tool. "Ausdeck Vision" is a cleverly designed program that allows you to mix and match design elements and colour finishes to explore the best design for your outdoor living environment.

### Gable End

A gable awning with skylights or freespan roofline to match your existing roof profile? A traditional flat roof design with a traditional VJ appearance or self bracing hip roof for a high pitched effect? Because each and every Ausdeck Insulated Roof is custom designed, your new outdoor living area is limited only by your imagination! Ask your patio designer to recommend the best solution for your house style, or experiment with different finishes with Ausdeck Vision.

### Combination Roof

Our super strength 1.2 mm Shurelock Beams are key to reducing the number of posts required. We're so confident in the strength and durability of our products that we offer a 15 year guarantee on every insulated patio system we manufacture.

### Flyover

The team at Ausdeck has more than 100 years combined insulated roofing experience. Ausdeck is one of the largest patio producers in Australia and our patio systems are engineered to provide maximum comfort at the most cost effective price. That's because our systems are custom-designed for easy installation and delivered right to your door, ready to bring your new outdoor living area to life. Functional, Durable, and Affordable.

## WE RECYCLE OUR PACKAGING MATERIALS

\* Ausdeck Patios & Roofing is committed to reducing landfill by reusing its packaging. A dedicated fleet of recycling trucks collects our packaging material from our worksites, which is either reused or recycled. \*SE Qld only
