

Automatic Roll-Up Awnings by FHA Wholesale

EXCELLENT CHOICE FOR GROUND FLOOR WINDOWS

Features & Benefits

- **Range of styles & designs:** We have an Automatic Roll-up Awning to suit a variety of situations and house designs.
- **Technically superior materials:** The components used have been engineered to last in Australia's harsh conditions. Optional Stainless Steel self-locking arms and guide rails are available for seaside locations.
- **Control:** User friendly self-locking arms allow for flexible height settings with easy adjustment by hand or by a pull stick.
- **Optional Extra**
 - **Metal headbox:** Providing protection when the awning is retracted.

Protect your home and cut down your cooling expenses with Australian-made Automatic Roll-up Awnings. Fabric awnings reduce the total heat load to your home, minimising the need for supplementary cooling. Carpets, curtains and furniture will be protected from direct or reflected sun damage.

The close-fitting design of this versatile and attractive awning makes it an excellent choice for ground floor windows, offering the benefits of optimum privacy and sun protection. Easy function, self-locking arms enable simple shade adjustment, and when the sun goes down, the awning can be rolled away neatly.

Choose from a selection of fabrics & colours to suit your style and needs. The optional colour coordinated headbox provides complete protection for your awning when retracted. Available in the following colours:

- Black
- Caulfield Green
- Manor Red
- Merino
- Monument
- Mountain Blue
- Primrose
- White
- Woodland Grey
