

Aluminium Louvre Awnings by FHA Wholesale

REDUCE ENERGY COSTS FOR YOUR HOME

Features & Benefits

- Protection from the elements:**
 Aluminium Louvre Awnings provide protection from the sun, wind and rain keeping your house cool in the summer and warm in the winter.
- Easy panel replacement:**
 Should any of the panels become damaged, the design provides for easy panel replacement without removing the awning.
- Three variations:**
 - Standard open pitch
 - Closed pitch
 - Adjustable louvres with internal or external controls.
- Extensive colour range:**
 Choose a range of standard colours or powder coated colours to match your existing colour scheme.
- Complete weather protection:**
 No eaves? Aluminium Louvre Awning top covers are available for complete weather protection for your windows.

Aluminium Louvre Awnings are light and durable and are an ideal way to control privacy whilst at the same time not obstructing air flow or the view.

The louvre blades reflect up to 90% of the heat normally transmitted through a window, which can significantly reduce the energy costs for your home. By choosing an adjustable louvre, with either internal or external operation, you have the luxury of controlling the amount of light, heat and privacy you require by manually adjusting the louvre panels.

Available in a range of standard or custom powder-coated coloured blades, Aluminium Louvre Awnings provide a stylish modern finish to your home.

*Colours above are an indication only and may appear different on paper or on screen to the actual colours.
